Sutherland Overview

Sutherland is an **experience-led digital transformation company**. Our mission is to deliver exceptionally engineered experiences for customers and employees today, that continue to delight tomorrow.

1 Transformation & Innovation:

Research | Insights | Design | Customer Strategy | Transformation | Analytics | Content

2 Business Process Services

Deliver and execute core processes with optimized cost, NPS and effectiveness

3 Technology & Platforms

Technology Products and Platforms complemented by proprietary IP

4 Digital Engineering Services

Deliver Transformation “as a service” and a seamless part of client ecosystems

5,000+

Digital Engineering Experts

40,000+

Global Employees

400+

Customers including Fortune 500

70%+

Outcome based engagements

39.4M

Man-hours automated

60

Engineering Service Locations

Enabling acceleration through **CDA Labs** in SFO, London, and India

The Sutherland Model: Where it all comes together

Full-Stack, Multi-Cloud Digital Engineering Capabilities

Cloud Transformation | Data Monetization | Application Modernization | Digital Innovation

Horizon 4

Digital Experience & Automation

Customer Experience Transformation

Salesforce, NBA, NBO, Adobe Experience Manager, UI/UX Practice

Process Mining, Management and Automation (IPA)

RPA, workflow automation platform implementation and Transformation
Intelligent Automation

Industry Product Engineering

Industry Prod Dev (MedTech/Mortgage/Insurance), Implementation services

BPaaS

Powered by Process consulting, IPA, AI, Cloud & Data

Horizon 3

Application Modernization

Agile Application Development and Migrations

Enterprise platforms Implementation & re-architecture, Oracle, SAP

Gen AI / Low Code, DevSecOps Based Application Modernization

Pega, Appian, Microsoft PowerApps

Agile Enterprise Architecture & Integrations

Green Field Applications development, Legacy application modernization, Enterprise Architecture, L2/L3 support

AI-Led Digital Assurance

Quality Assurance, Business Process Assurance, Technology Assurance, Test automation, Security Testing

Horizon 2

Data Monetization

Migrate, Modernize and Manage

Data Consulting, Platforms, Warehouse

Engineering & Governance

Data Lifecycle Management, Data Lineage, Data ownership and stewardship

Data Science

Exploratory Data Analysis, Business Intelligence, Decision making

Reporting and Visualization

BI & Visualization, Migration, MDM

Horizon 1

Cloud Transformation

Advisory

Cloud Advisory

Migration

Cloud Migrate, Build, Deploy and Integrate

Security

Identity and Access Management, Security policy management

Managed Services

Infrastructure and platform design, DevOps, Cost management

Strategic Unique Co-development Partnerships

- Google-funded Joint Innovation Labs
- Premier GCP Partner
- Pioneering Conversational AI (CCAI)
- Advancing Next-Gen NLP/NLU technologies

- Stanford AI Labs Collaboration
- Sutherland Mosaic™ for ML Routing
- Sutherland Sentinel™ for Video Analysis Attribution

- Microsoft "Microsoft Gold Certified Partner
- Azure Launch in UAE
- Sutherland Connect™ as Azure Connect™ "

- Amazon Labs 126 Partner
- 36 Completed Projects
- Unique Co-Development & Design
- Integration of Sutherland NLP and Amazon Comprehend Medical NLP

- Oracle Platinum Partner
- Cloud Services Partner
- Strong Relationship for Digital Transformation Acceleration

Our Customers – Industry Practices and Cloud Expertise

Sutherland Digital Offerings

We work with companies who care deeply about their **Customers' Experience** with New Age Technologies

NETFLIX

Our collaboration involves a range of solutions tailored to meet their specific needs, ensuring seamless and efficient customer Experience

amazon

For more than 30 Years, providing global business support and innovation through our world-class labs

 **Spotify®**

Supporting global customer support and voice using our AI-enabled platforms

Strategic Unique Co-development Partnerships

Option 01

Google Partnership

Developing Next-Gen NLP/NLU*
AI Capabilities

- Joint Innovation Labs funded by Google (1 of 1)
- Google Premier GCP Partner (1 of 16)
- Google OEM Partner
 - Developing next-gen Conversational AI technology (CCAI) & teal-time

Stanford Partnership

Research & Development
Partner

- Joint R&D in Stanford AI Research Labs
- ML routing, distribution and predictability models (Sutherland Mosaic™)
- Activity based attribution for Video Analysis (Sutherland Sentinel™ and others)

Microsoft Partnership

Expanding Azure
Capabilities

- Gold Certified Partner
- One Partner Program
- Partner to launch Azure in UAE
- Partnership for Microsoft to directly sell Sutherland Connect™ on Azure as Azure Connect™

Amazon Partnership

Amazon Labs 126 Innovation
Partner

- One of very few Amazon Labs 126 Innovation Labs Partners
- 32 Confidential Projects Completed
- 4 Projects Underway
- 1 of 3 partners that work on both co-development & design side
- **Co-Integration between Sutherland NLP and Amazon Comprehend Medical NLP**

ORACLE Partnership

GTM for Oracle SaaS
- Sutherland & Oracle Strategy

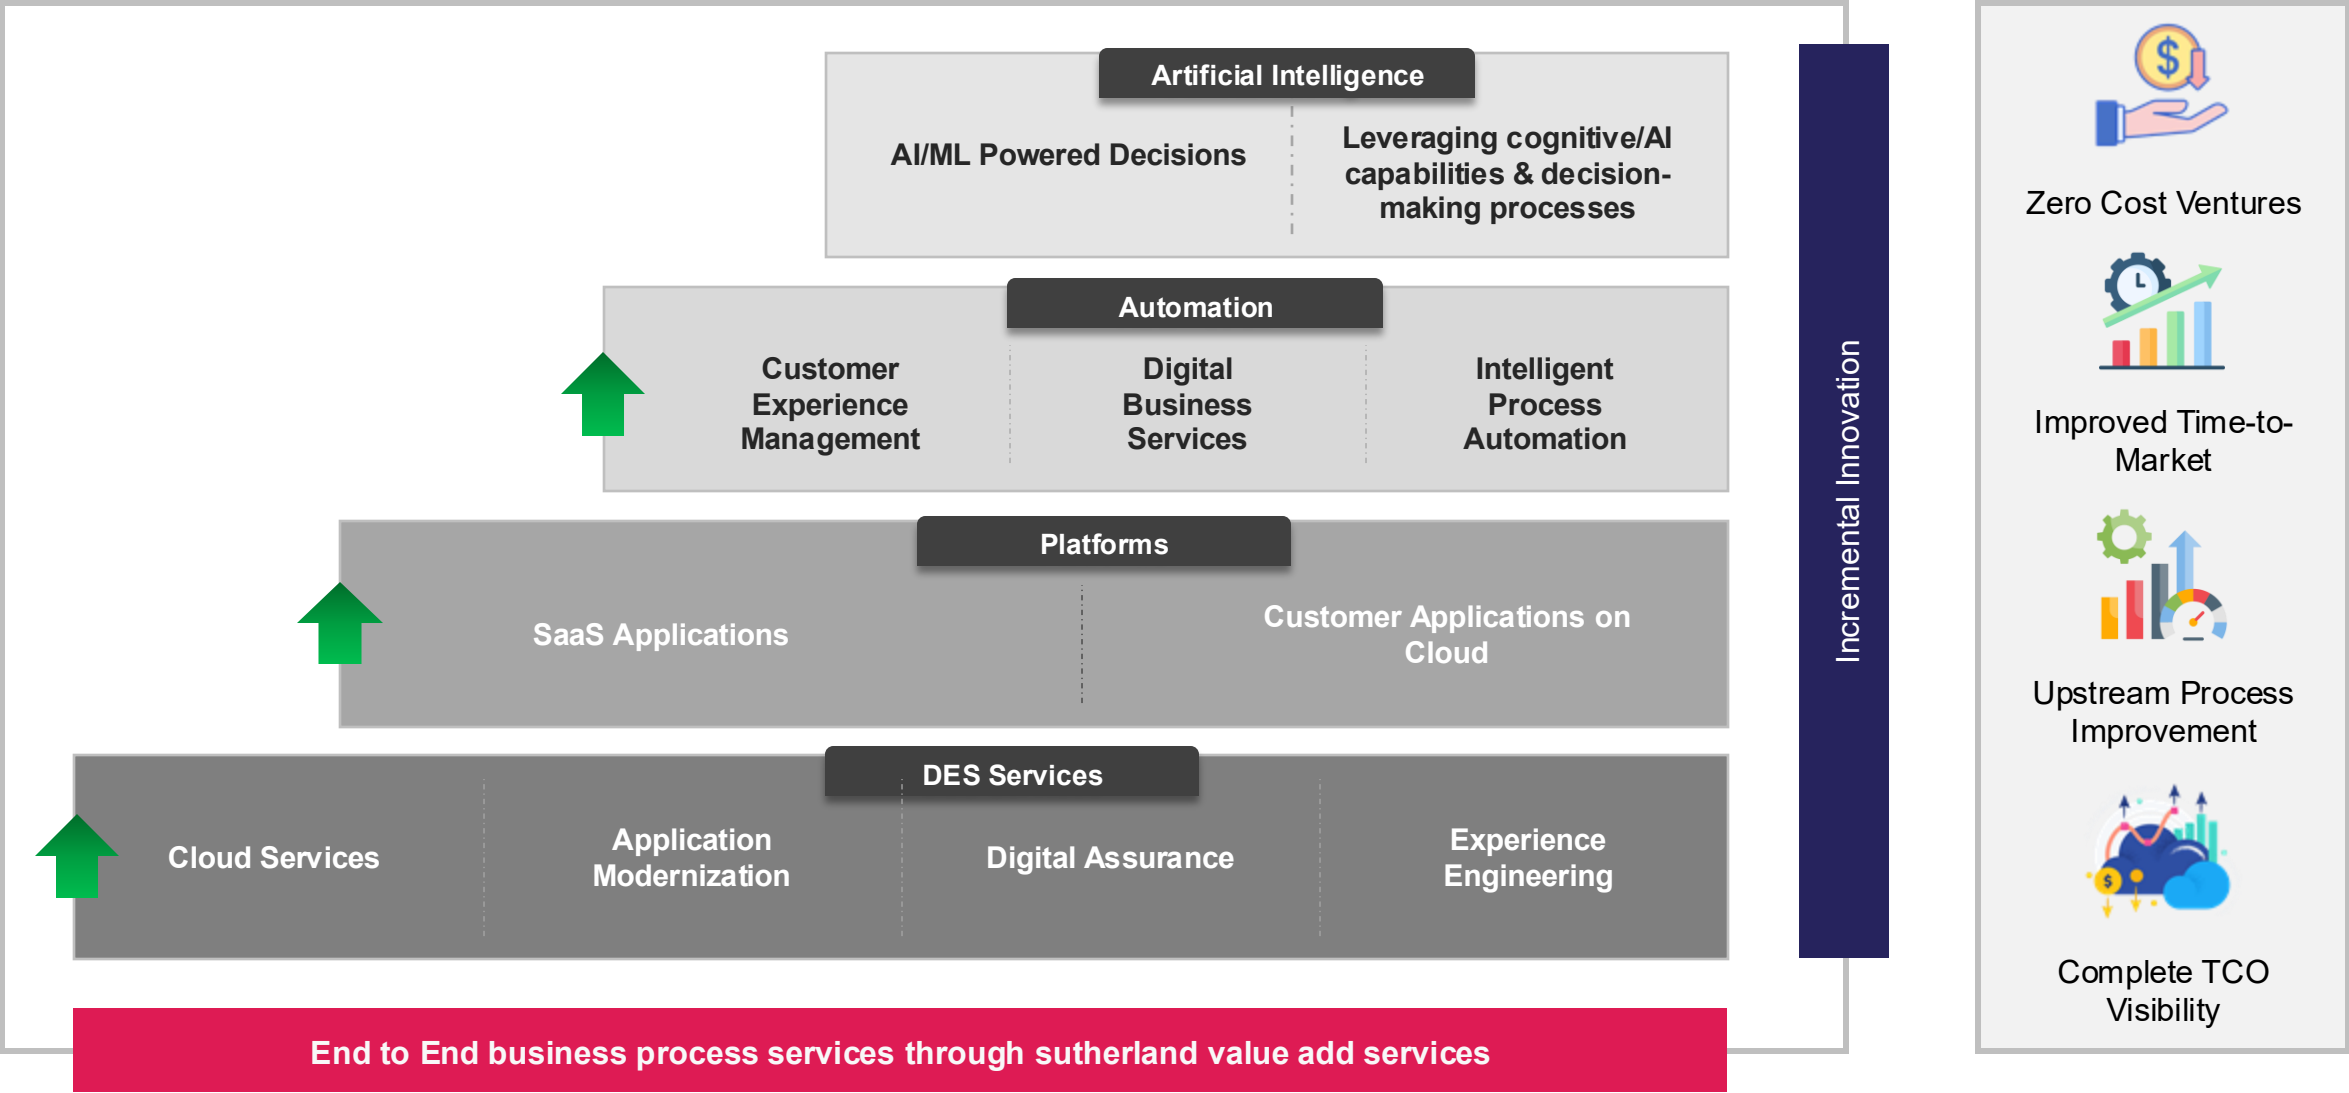

- Oracle Platinum partner
- Cloud/SaaS partner for Infrastructure, SaaS application and Oracle Cloud
- CloudTestr platform is hosted on Oracle Cloud
- One of the top Cloud Solution Partner for Oracle

* NLP: Natural Language Processing
NLU: Natural Language Understanding

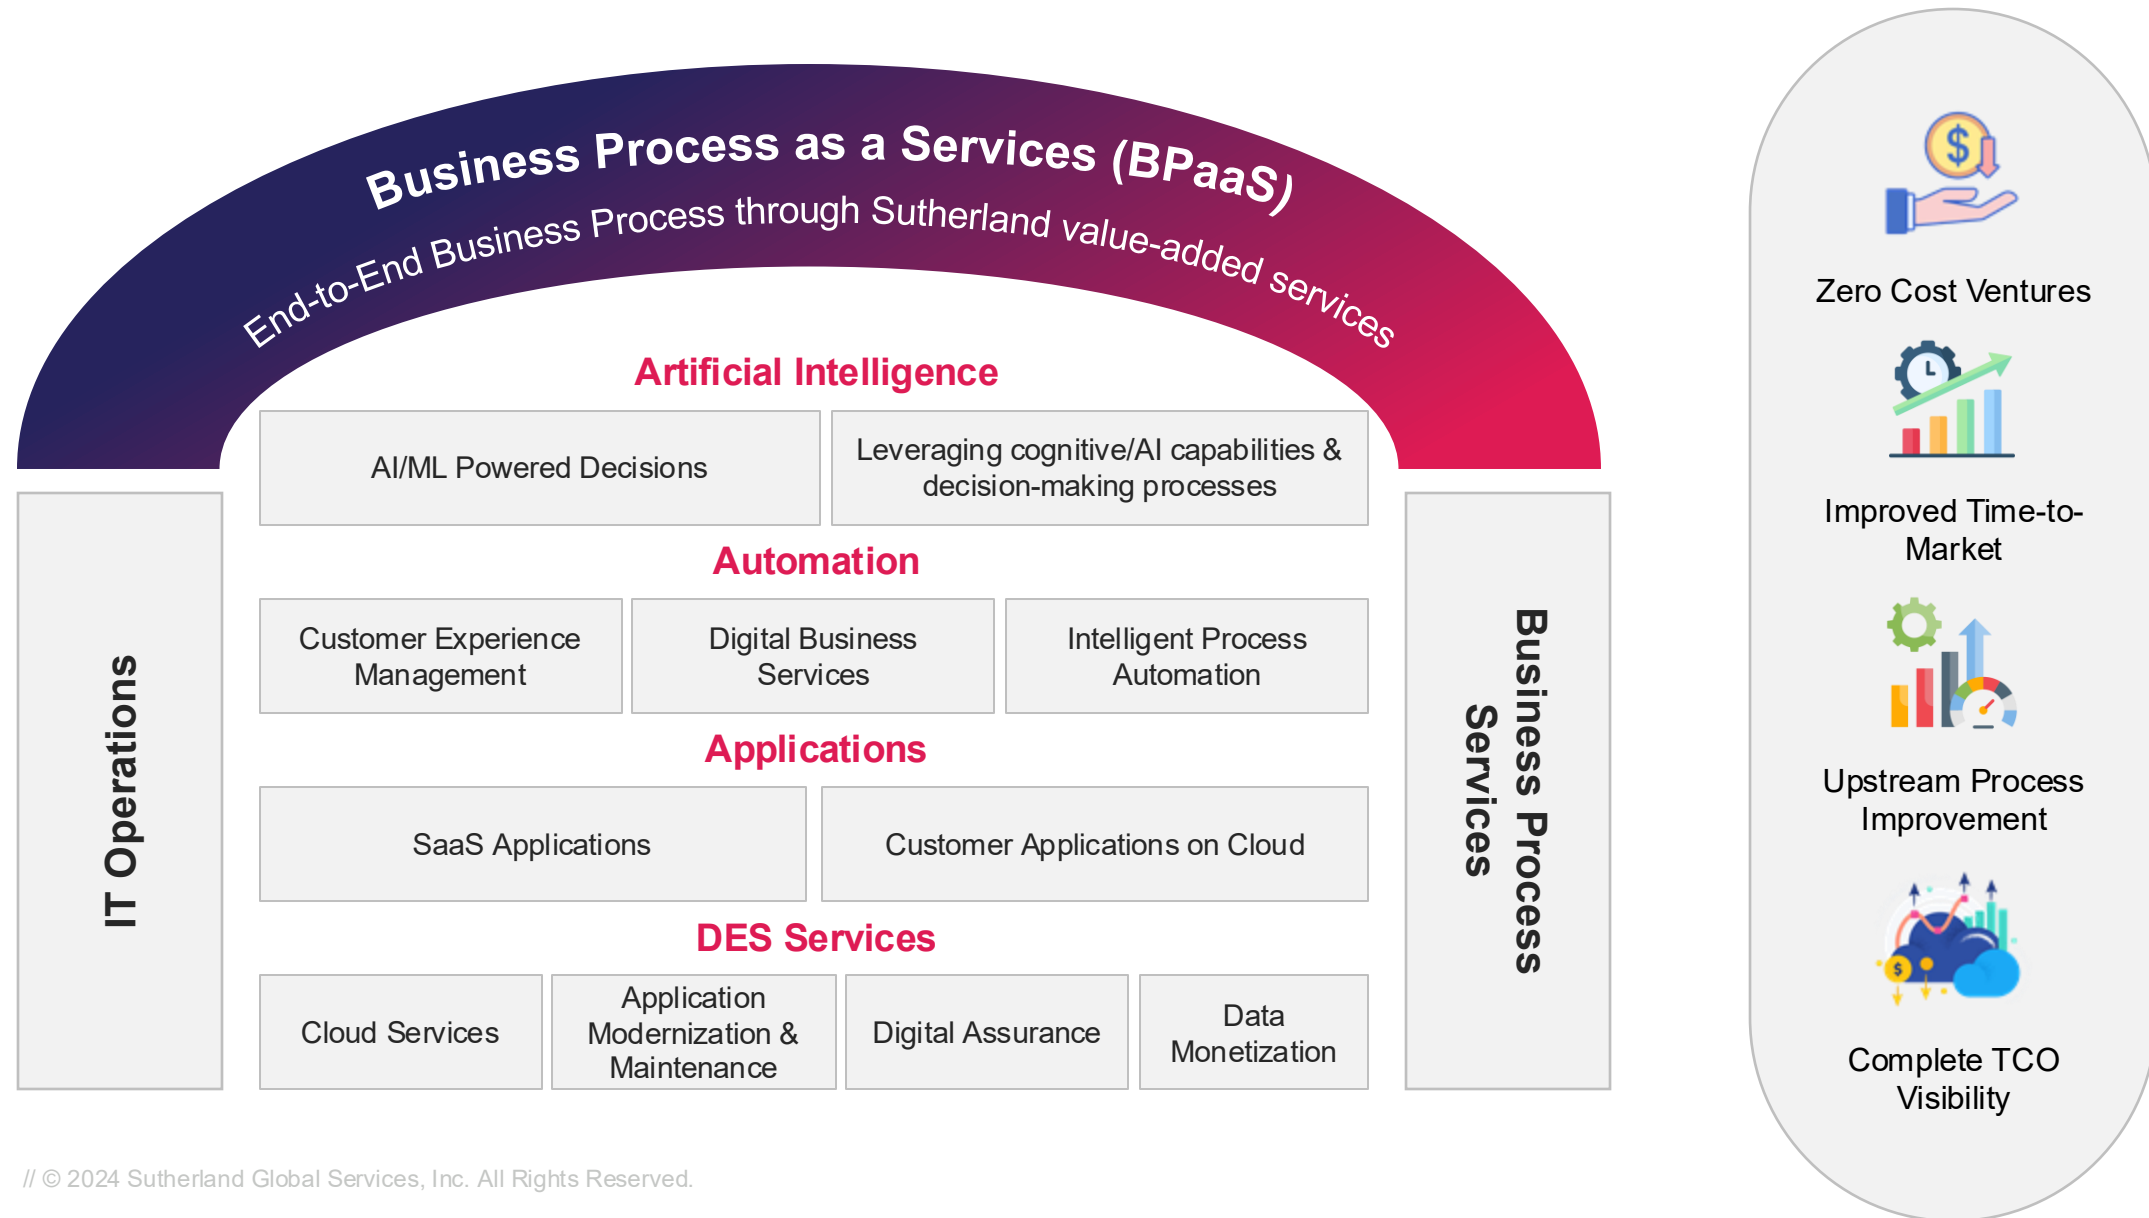

Transforming the Customer Experience through Sutherland BPaaS

4. One of the top Cloud Solution Partner for Oracle

Accelerating Digital Innovation with 3 Switch Approach

Platforms Enabled Automation – Agile – Artificial Intelligence

Transformation at Tracfone to DoM

- Restructuring from hierarchical to Agile culture
- Mindset change from executioners to Framers

People

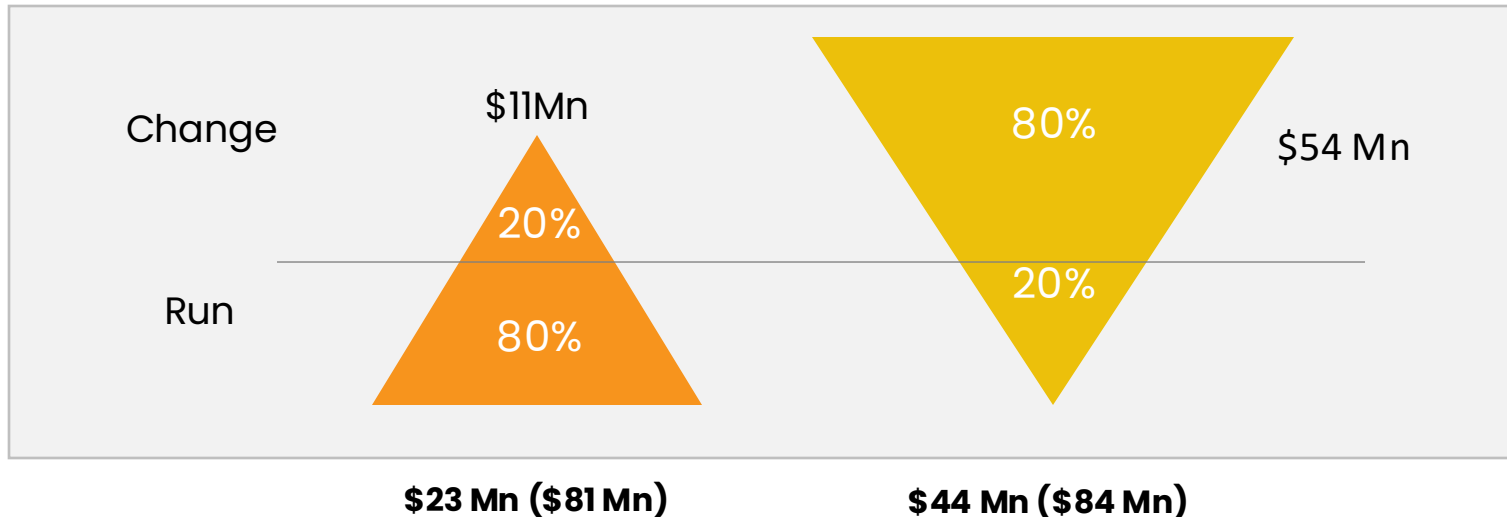

- Created SOPs, 76 Agile teams
- SDLC Automation – DevOps CICD/CT – Release Cycle 6 to 3 to 1 Week
- Shift Left – In-spirit automation, RPA, AI Ops

Process

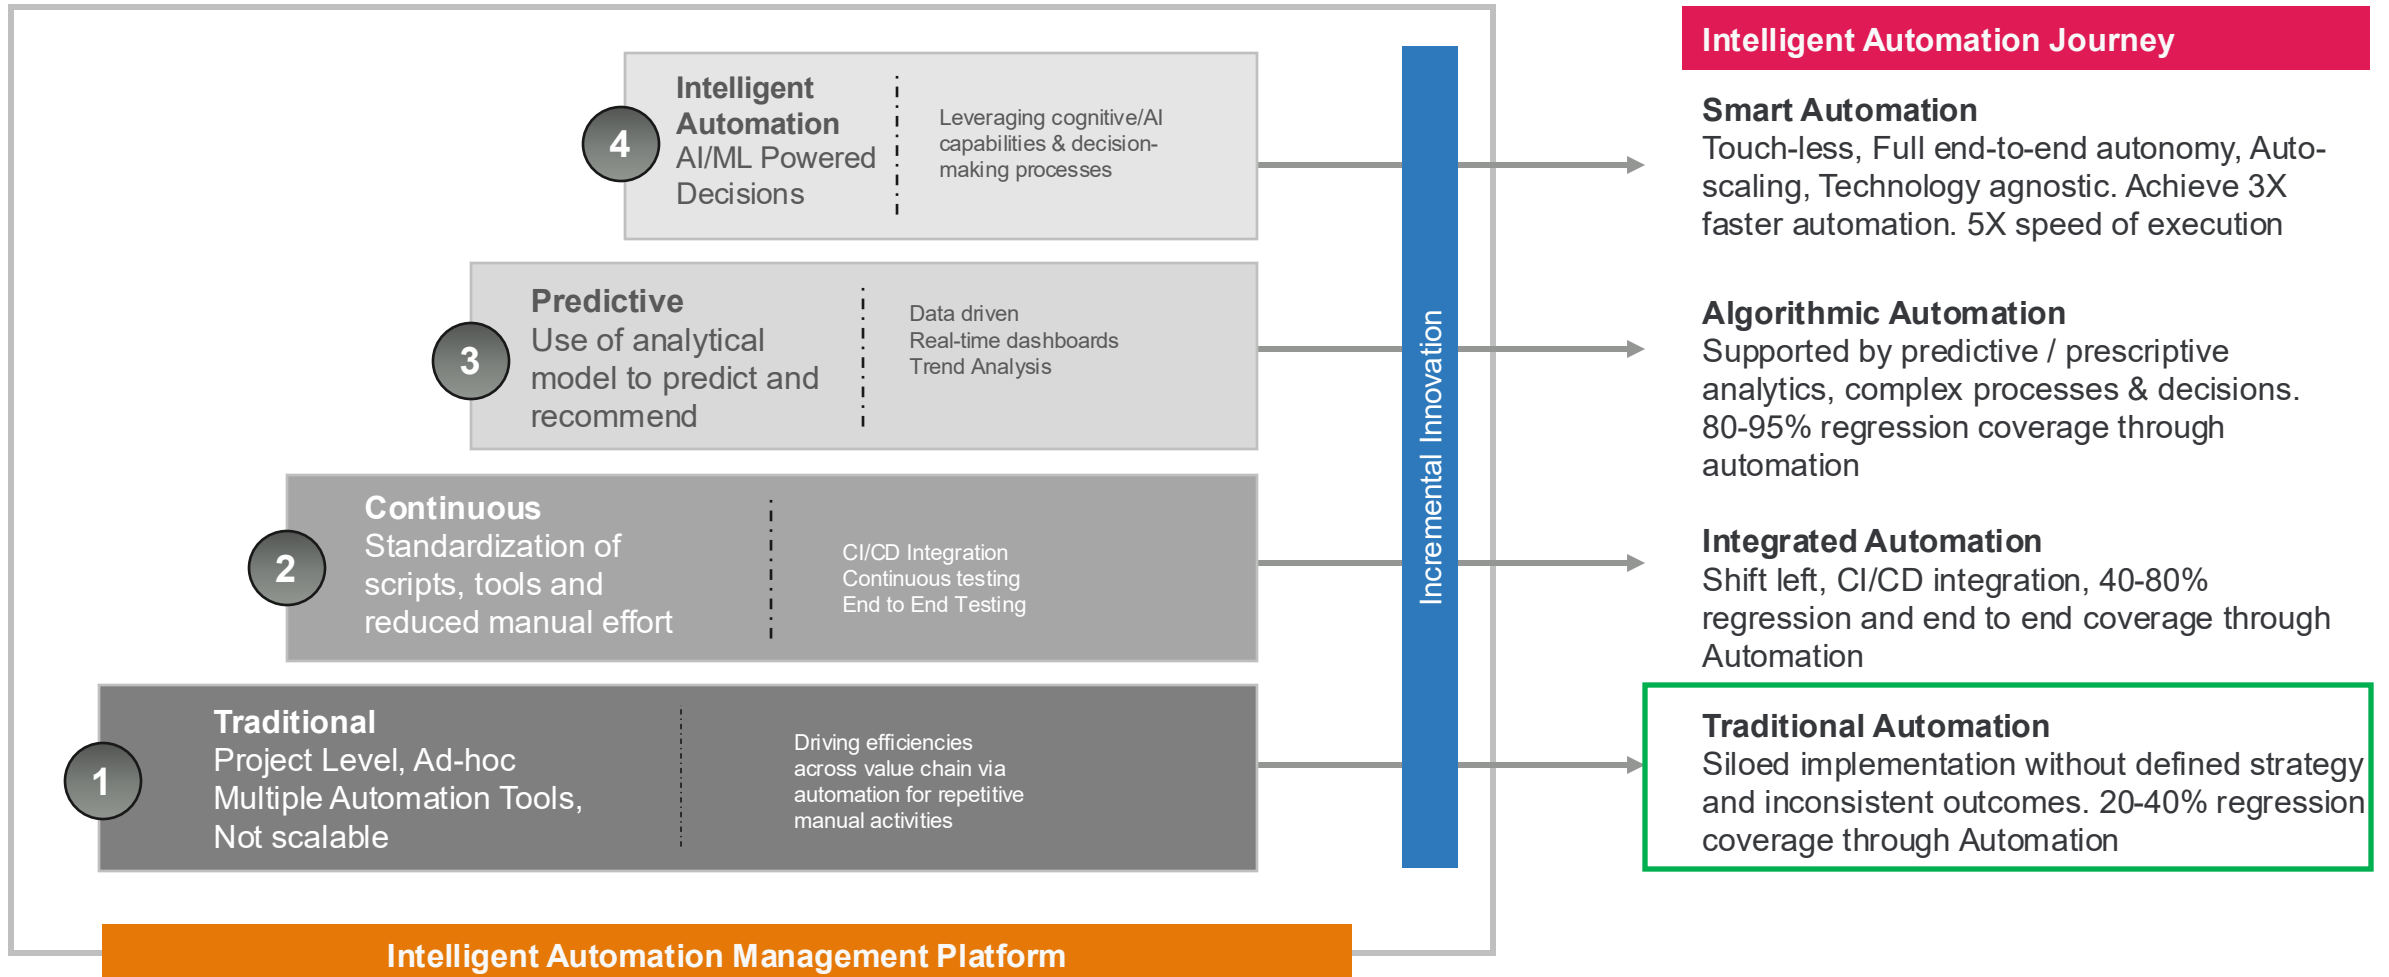

- Platforms
- Subscriptions & MSPs
- Move from rate card with MSPs to Consumption based, co-invest, innovation

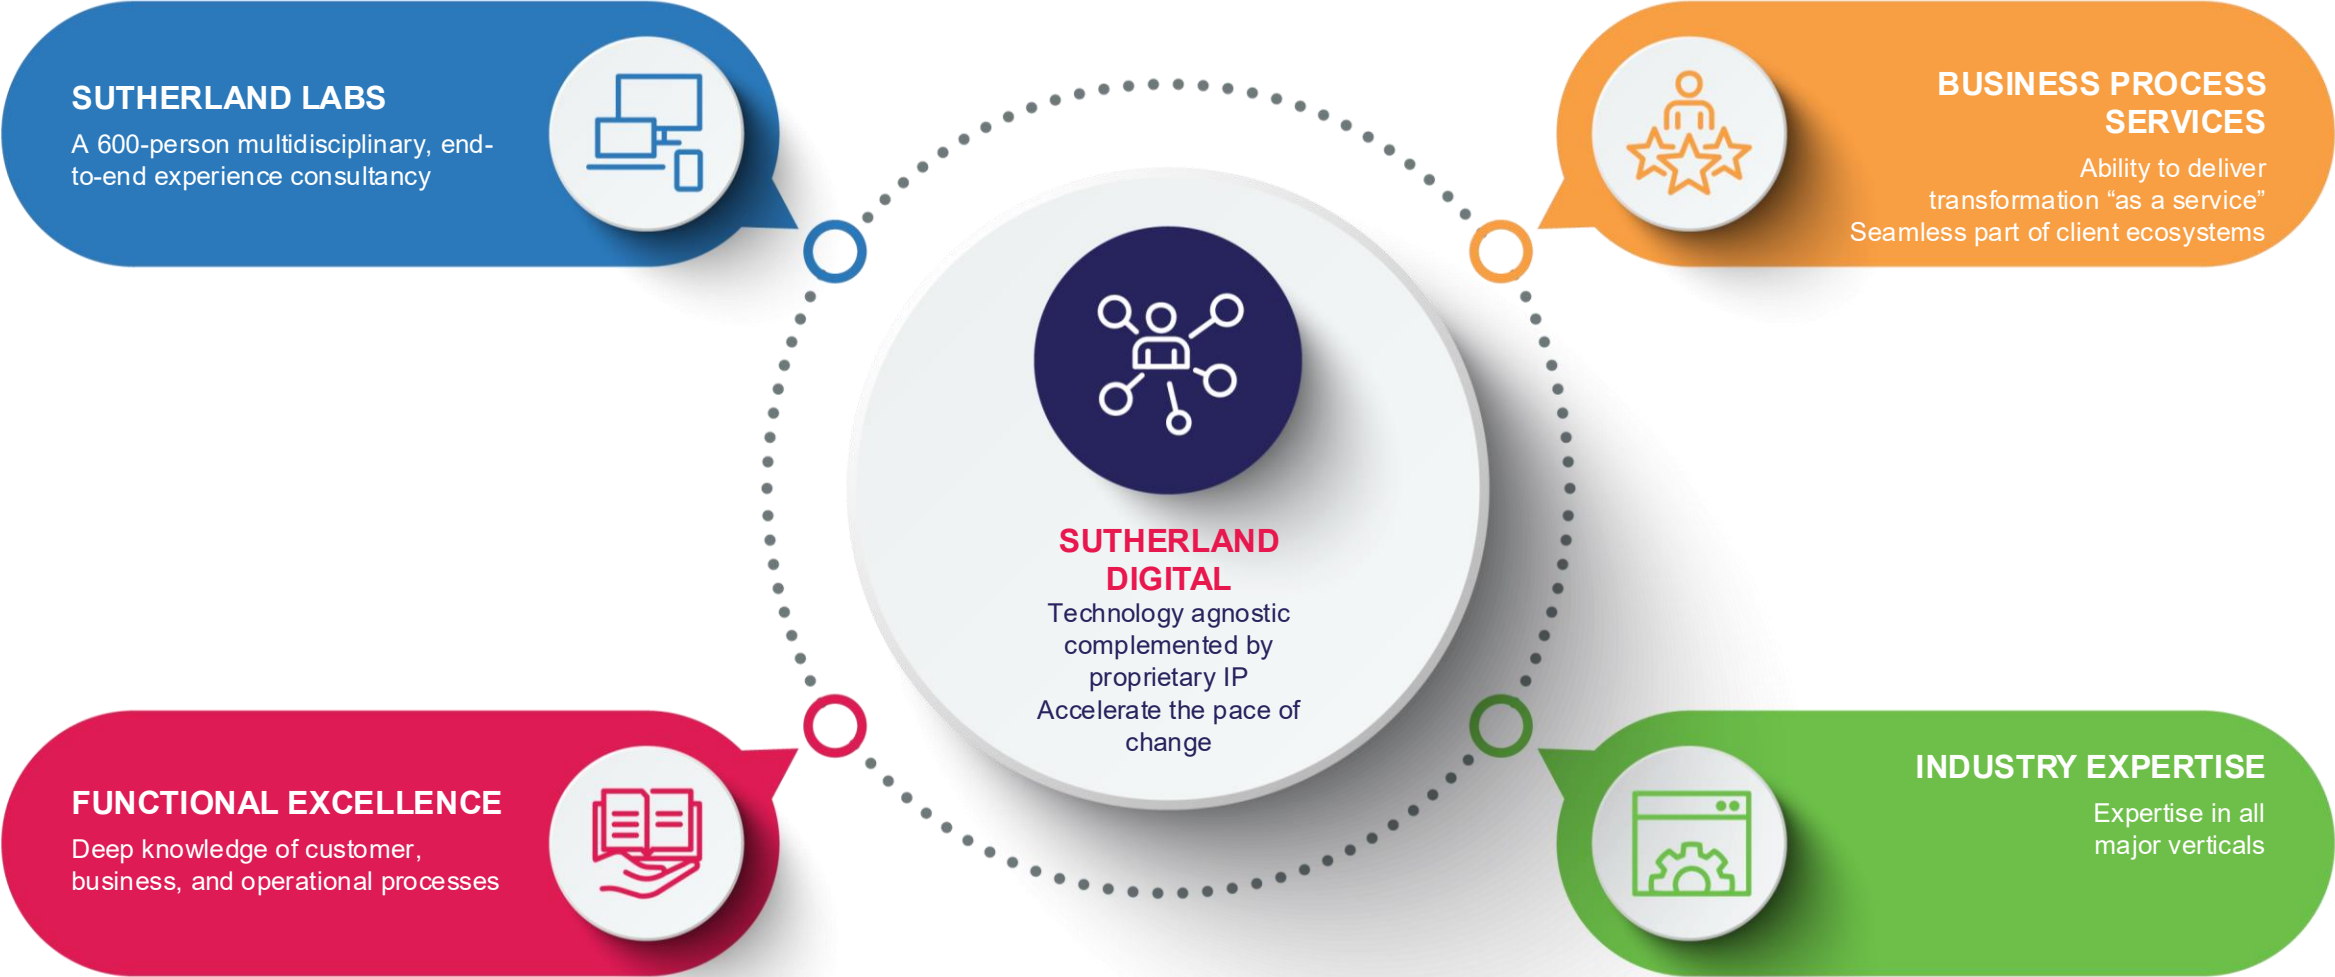

Tools

Accelerating Automation - Journey

Our Experience with Marvel Digital Experience

Digital Engineering Practice Overview

We are a [digital innovator](#), empowering organizations to become [digital natives](#). We achieve this by [accelerating time to market](#) and [optimizing program lifecycles](#) through our [three-switch approach](#), thus [fueling business transformation](#)

Building on our Strengths and Investing in Multidimensional Value Levers

5000+ Engineers

Serving **300+** customers including 50% Fortune **500**

500 + unique workloads migrated to multi-cloud

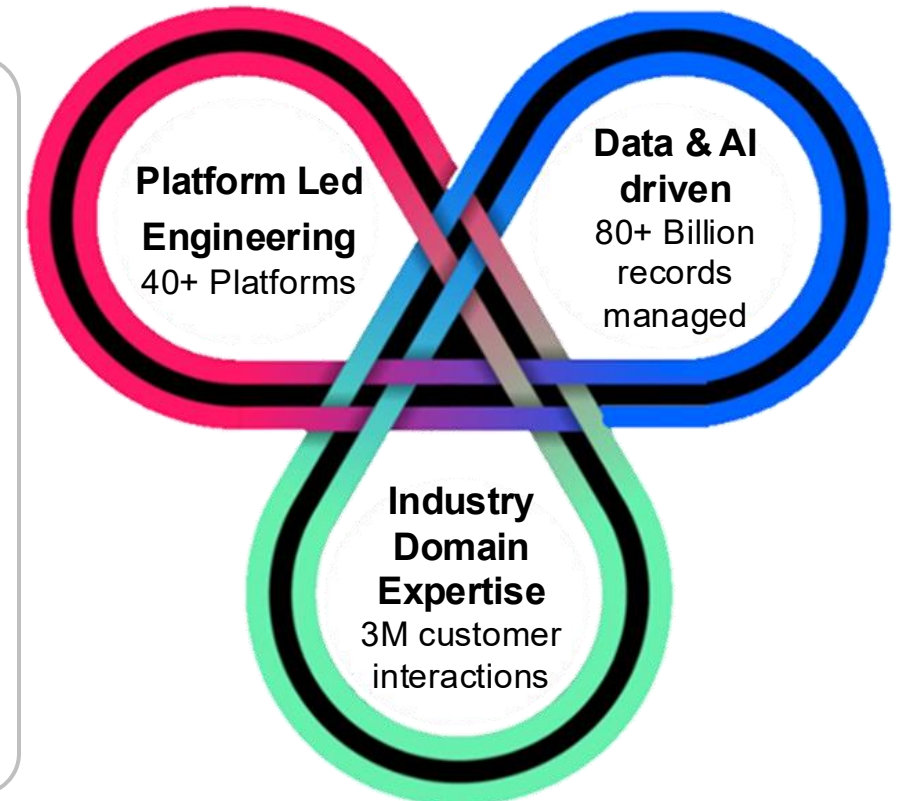

10 + Patents

Delivery across **4 global zones** - NA, India, East Europe and LatAm

Enabling acceleration through **Sutherland CDA** Labs in SFO, London, and India

Experience & Digital-Led Transformations of some of our clients taking advantage of industry disruptions

Enabling Omnichannel Experiences & AI-Driven Insight

- Growth **0-130M+ subs in 2 years**
- Enabled digital-first omni-channel experiences with a **digital/data hub architecture**
- Insight on products, areas of leak
- Use of data/ai to drive insight about products, and rapidly identify leakage areas and fix

Customer Obsession & Rapid Experimentation

- Over 30 **projects**, 4 ongoing, support **18 business areas**, 17 years
- **Innovation with Amazon Labs 126**
- Customer centricity **@speed**
- Defining **new models & experiences** – from front end to automation, e.g., seamless experience for post-warranty device repair / replacement

Explosive Growth with Innovative Experiences

- **Explosive growth** post and even during Covid
- AI/Analytics to identify areas for cost or experience innovation
- Enabled experiences aligned to how customers plan vacations or extended stays
- Super hosts, super guests
- **Non-linear support model** to contain costs

Personalization Driving Revenue in Auto Experience

- Region's largest retailer creating a data and personalization capability across the retail businesses
- First step: defining a **personalized experience for car buyers**
 - purchase and repurchase
 - maintenance and service
 - personalized recommendations
 - use of data and telematics
